

Professional PC Labelling Machine

Desktop labelling machine with PC connection and label design software.

- Prints 6, 9, 12, 18 and 24mm labels
- Large **colour** graphic display with backlight
- Wide PC style keyboard
- Automatic label cutter
- Built-in editable label designs for common labelling applications

“The large colour LCD display makes it easy to design and preview my labels before printing. An automatic cutter, easy-to-type keyboard and high speed printing plus the ability to print labels from my PC or Mac ensures I keep my office organised through clear identification of important items.”

P-touch
D600

The professional stand-alone and PC connectable labelling machine

The P-touch D600 creates durable fade-proof labels by using the easy-to-use integrated labelling functions, or directly from your PC or Mac thanks to the fully-featured P-touch Editor label design software.

A large **colour** LCD display with label preview function, and a wide PC-style keyboard make it easy to quickly produce your labels in various colour and size combinations.

Connect to your PC or Mac and be creative by using various fonts, text styles, images and frames on your label design. You can even link to text contained in a Microsoft Excel spreadsheet to quickly print many labels at once, thanks to its high-speed print capabilities and fully automatic cutter.

Print labels
6 – 24mm in width

Uses 6 x AA batteries*
or included AC adapter

Automatic label
cutter

Built-in editable
label designs

Easy-to-type
PC-style keyboard

Prints labels from
your PC or Mac

High-resolution
colour display

14 fonts ; 99 frames
Over 600 symbols

* Batteries not included.

P-Touch Laminated Labels – Designed To Last

Brother P-touch laminated TZe tapes consist of seven layers of materials, resulting in a thin yet extremely strong label. The thermal transfer ink is sandwiched between two protective layers of PET (polyester film), which protects the text against the effects of liquids, abrasion, temperature, chemicals and sunlight. As the labels have been tested to the extreme, you can be confident of a professional quality label that has been designed to last.
